President's Message

The time spent as a college student is a brief period in a lifetime. It is a period of joy and frustration, hard work and fun.

We hope that in years to come, a glance through these pages will bring to mind people and events that have been useful and meaningful to you.

To those who will be leaving the College at the end of this College year, our best wishes go with you.

Has been a lot of fun
This yearbook is a reflection
Of what we have done

Now in April when
We look back at life here
What will we remember
About this year ?

Will we remember
The good friends that we met
The classes that bored us
We'd like to forget

What did we do
To make time go so fast ?
Many things happened
To make the good times last

Demonstrations and Dances
Pub-n-Grubs and Valentines
Are all a part of
What made college life fine

As you look back
Remember this too
Student Council worked hard
To help us get through

Without dedication and
Work that was done
I am not quite sure
What we students would have done

So as you recall
All the fun that you had
Remember that college life
Wasn't so bad
