STUDENT RESPONSIBILITIES: Enrolment at GPRC assumes that the student will become a responsible citizen of the College. As such, each student will display a positive work ethic, take pride in and assist in the maintenance and preservation of College property, and assume responsibility for his/her education by researching academic requirements and policies; demonstrating courtesy and respect toward others; and respecting instructor expectations concerning attendance, assignments, deadlines, and appointments.

STATEMENT ON PLAGIARISM AND CHEATING:

Please refer to pages 49-50 of the College calendar regarding plagiarism, cheating and the resultant penalties. These are serious issues and will be dealt with severely.

ADDITIONAL INFORMATION:

Attendance is mandatory at all laboratory sessions; valid reason for absence is required. For your safety, the safety of others and the safety of the animals there will be zero tolerance of anyone showing up for the laboratory sessions under the influence of alcohol or other medications which may cause physical impairment or disruptive behaviour. If you are on a standard or prescribed medication, please consult with your instructor prior to the lab. Labs missed for the above reasons will also be considered as missed without a valid excuse and result in a 10% deduction of final mark for every lab missed. A student who misses a laboratory session without a valid reason (up to the instructor's discretion ie note from doctor, funeral etc.) will have 10% deducted for each lab missed. Failure to prepare your animal as per the anesthetist schedule will result in a 10% deduction from your final mark. Failure to come to lab prepared for the lab may have the student excused from the lab and be deducted for a missed lab. Failure to have the lab set and clean up done will result in a 5% deduction from each student in the group.

- If a student wishes to reschedule attendance to a lab (i.e. join another group), they must seek permission from the instructor prior to the lab.
- Having a valid reason does not change the student's responsibility to acquire the information dispensed during the lab or lecture, nor their obligation to finish required assignments or achieve competencies practiced.
- A student who misses 2 or more lab sessions may receive an incomplete or failure grade at the instructor's discretion.

Any student wishing to see a marked quiz or midterm must make an appointment with the instructor to view or go over. Final exams are not available to be viewed by a student.

*overall grade point average has to be 2.0 or higher to be successful in the AHT program.
