**Attendance and Participation:**
1. Regular attendance to classes is **essential**. Students who miss classes during a term jeopardize their chance to succeed in the course. They also lose attendance and participation marks. It is absolutely necessary to come well prepared and regularly to class, and to participate actively.

2. When a form of testing and / or any other evaluation has been scheduled, any student who misses class on this day and does not have a valid excuse will get a zero, even though s/he might have been absent the day it was announced. **Students have the responsibility to enquire about what has been done and assigned for the next class.**

**Évaluation:**
Regular self and instructor administrated evaluation is the key to progress. Testing is varied.
