All course work **MUST** be completed in order to pass this course. All learning activities and assignments must be submitted in full by the end date in order to pass this course unless an extension has been agreed upon by the student and instructor **PRIOR** to the course end date.

This course has 4 self study units.

All work is due by midnight on the dates listed above. Students are welcome to submit work before the scheduled due date. It is up to you whether you submit one learning activity at a time or a whole batch at once.

I do recommend you submit your first learning activity on its own and wait for grading so you can familiarize yourself with my expectations and grading style before continuing.

It is also recommended that you look ahead to the larger assignments in units 3, 4 & 5 to make sure you give yourself ample time to collect the necessary observations and implement them effectively.

The due date timeline takes into account that many students have a higher than normal amount of obligations and/or have holiday time with their families from mid December-mid January. Early learning environments may be closed or have lower than usual attendance during this time, making it challenging to complete your coursework.
