Course Specific Classroom Rules:

Generally, the classroom is run in a fairly relaxed manner; this is not intended to be a stressful situation. However, some behaviors are inconsiderate of other students and are not acceptable.

Quiet, private conversations are acceptable; however, conversations that can be heard by other people are distracting and therefore disruptive. Since some people do not realize their voices carry, they will be warned—if the disruption continues they will leave the classroom.

Off-topic conversations, during instruction, make it difficult for people to hear and will lead to an immediate invitation to leave the classroom.

Questions on content being covered are essential and greatly appreciated. However, off-topic questions, when content is being covered (is the exam multiple-choice/open book/when is it, telling the instructor you will be missing a future class, etc), may disrupt the sequence of instruction and will not be answered. These questions need to be asked; time will be set aside for them, or they can be asked before or after instructor-led portions of the class.
