

**DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES**

**COURSE OUTLINE – FALL 2023**

**PY2230 (A2 & VC): DEVELOPMENTAL PSYCHOLOGY - 3 (3-0-0) 45 HOURS FOR 15 WEEKS**

Northwestern Polytechnic acknowledges that our campuses are located on Treaty 8 territory, the ancestral and present-day home to many diverse First Nations, Metis, and Inuit people. We are grateful to work, live and learn on the traditional territory of Duncan's First Nation, Horse Lake First Nation, and Sturgeon Lake Cree Nation, who are the original caretakers of this land.

We acknowledge the history of this land and we are thankful for the opportunity to walk together in friendship, where we will encourage and promote positive change for present and future generations.

**CALENDAR DESCRIPTION:**

Biological, cognitive, and social aspects of psychological development will be explored, with special emphasis on infancy, childhood, and adolescence.

**PREREQUISITE(S)/COREQUISITE:** PY1040 and PY1050

**REQUIRED TEXT/RESOURCE MATERIALS:**

The textbook is published by Pearson Education; it is an online Revel book: Robert S. Feldman-Revel for Life Span Development-A Topical Approach; Access Card 4/E, University of Massachusetts at Amherst

Please contact the bookstore to get the access card. There is an additional fee if you wish to access the downloadable/printable version.

**DELIVERY MODE(S):** In-person and remote (synchronous via Zoom)

## LEARNING OUTCOMES

- In this course, students will demonstrate fundamental knowledge and comprehension of major concepts, theoretical perspectives, and empirical findings in the topical areas of developmental psychology
- discuss how principles discussed in these areas enable the understanding of development, both change, and stability
- incorporate sociocultural factors in their explanations of developmental change and stability
- demonstrate a basic level of understanding of various research methods used in scientific investigations of psychological phenomena
- apply their knowledge of basic research methodology to critically evaluate psychological research and write an integrative research paper

Note: This course will focus primarily on development from conception until adolescence

**TRANSFERABILITY** Please consult the Alberta Transfer Guide for more information. You may check to ensure the transferability of this course at the Alberta Transfer Guide main page <http://www.transferalberta.ca>.

\*\* Grade of D or D+ may not be accepted for transfer to other post-secondary institutions. Students are cautioned that it is their responsibility to contact the receiving institutions to ensure transferability

## EVALUATIONS:

1. 4 Quizzes—5% each for a course total of 20%;
2. Midterm Exam—20%; Final Exam—30%
3. Lecture Attendance/Class Participation = 10%
4. Chapter Assignments— course total of 10%
5. Annotated Bibliography—10%

**PLEASE NOTE: In order to preserve an evaluation system that is fair to ALL students, requests for additional/substitute work will NOT be granted to students wishing to compensate for poor grades on assignments, quizzes, midterm exam or final exam.**

1. **Quizzes:** There will be four in-class quizzes based on material covered in the textbook as well as the lectures. They are closed-book exams, each in multiple-choice format. Each quiz is worth 5%, for a course total of 20%. The dates of the quizzes are posted on page 5. ***Please refer to page 7 of this course outline for information on missed quizzes.***

2. **Midterm and Final Exams:** The midterm and final exams will be based on material covered in both the textbook and lectures. They will be closed-book exams and will include multiple-choice as well as short-answer questions. THE FINAL EXAM WILL **NOT** BE CUMULATIVE. The midterm is worth 20% and the final exam is worth 30%. The date of the midterm is posted on page 5 of this outline. The final exam date is to be determined by Student Services (note that the final exam period is from December 14 to 21, inclusive). **Please refer to page 7 of this outline for information on missing the midterm exam or final exam.**

**Activities such as holidays or employment are not considered excusable reasons for missing any exam. Students who chose to miss an exam for employment, holiday, or other unexcused reasons may receive a "0" on the exam.**

3. **Participation/Attendance:** Student input during lectures is enthusiastically welcomed and strongly encouraged. There are various ways that students can participate, such as asking relevant questions and/or making insightful comments during the lectures.

Attendance will be taken every class and may be taken more than once during a class period. **Please note that in my courses, students who miss more than 10% of classes without an acceptable excuse may be debarred from writing the final exam. Also note that Zoom records how long VC students stay in class. Students who attend only a portion of a lecture may be marked as absent for that lecture.**

4. **Chapter Assignments.** There will be 12 multiple-choice chapter assignments, each comprised of questions taken from the textbook material. These are open-book assignments to be completed out of class. Your marks across all the assignments will be averaged; the average mark of all the assignments is worth 10% of your overall grade. These assignments will be posted on *myClass* (under the Chapter Assignments widget). You will answer the questions of each assignment by clicking the relevant link. Deadlines for each assignment are noted in 3 ways: this course outline (page 5), the PDF Chapter Assignment booklet posted on *myClass*, as well as on the assignment links found on *myClass*. **Please write these deadlines on your calendar; it is your responsibility to know the deadline of each assignment.** Note: The assignments are generally due before I cover the material in class as they are designed to help prepare you for the lectures. Also, note that *myClass* refers to these assignments as "Quizzes"; the assignments are also accessible by clicking "Quizzes" on the blue banner at the top of the *myClass* page.
5. **Annotated Bibliography.** Details of this assignment are provided in a separate document posted on *myClass*.

## STUDENT RESPONSIBILITIES:

1. **TALK TO ME IF YOU HAVE CONCERNS OR IF YOU ARE EXPERIENCING DIFFICULTIES THAT MAY HAVE A NEGATIVE IMPACT ON YOUR ACADEMIC PERFORMANCE.** These concerns may include personal challenges or class-related issues (e.g., difficulty with material, disruptions from other students). Please know that I will keep your concerns confidential.

**EXAM ACCOMMODATIONS:** Exam accommodations are used by any number of students whose learning disabilities affect processing and comprehending printed material, learning, and/or concentration (either due to the condition itself, or the effects of the medication which is used to treat the condition). Accommodations can also be sought by students with conditions that include, but are not limited to, mental health conditions, chronic illness, neurological disorders, visual disabilities, and motor disabilities.

**If you require exam accommodations due to a disability or condition, you must contact Accessibility Supports (in the Learning Commons (aka Library)).** More information is available at <https://libguides.nwpolytech.ca/learningcommons/AccessibilityServices>

Please note that when you contact an advisor, you will be asked to provide them with documentation supporting your request for accommodation. After the advisors inform me of your need for accommodation, I will extend the allotted exam writing times by an appropriate amount.

2. **RESPECTFUL BEHAVIOR**

Students are expected to exhibit respectful behavior toward the instructor, guest speakers, and other students. We will discuss topics in class that may cause disagreement. It is expected that all participants will deal with such disagreements WITHOUT resorting to behaviors/comments that are dismissive, demeaning, or threatening to others. Swearing and use of slurs against individuals or groups (racial, religious, gender, etc.) are unacceptable. Students unable to meet these expectations will be required to leave the class in the interest of preserving the learning opportunities of other students. Please refer to the NWP calendar for more information regarding student conduct.

It is also expected that students arrive to class on time and stay in class; arriving late and leaving/returning is disruptive to the class.

3. **ATTEND CLASS AT THE SCHEDULED CLASS TIMES:**

Students are expected to attend lectures at the scheduled class times. Attendance will be taken every class and may be taken more than once each class.

**Missed Lecture Material:** Although notes are available on *myClass*, they are not complete; attendance is required to get full lecture information. If you miss a class, you are to obtain missed material by approaching a classmate, *not* the instructor. It would be *unfair* for students who miss lectures to be advantaged by getting the instructor's notes.

**Missed Quizzes/Exams:** Dates for the quizzes and midterm are included on page 5 of this course outline. Missed quizzes will generally not be rescheduled. If you miss a quiz due to verified illness, dentistry, accident, emergency, or NWP obligations (e.g., you are away due to the requirements of another course, athletics) the weight of the quiz will be transferred; the weight of Quiz 1 or 2 will be transferred to the midterm exam, the weight of Quiz 3 or 4 will be transferred to the final exam.

Quizzes missed for reasons that do not include verified illness, dentistry, accident, or emergency, will be assigned a "0" (zero). Holidays, employment, etc. are NOT considered to be excusable reasons to miss any exam in this course. Furthermore, quizzes missed without explanation from the student will be assigned a "0".

According to NWP policy, deferring a missed Midterm Exam is at the discretion of the instructor. In my courses, students who miss a midterm because of illness, dentistry, accident, or emergency (verified) may write the midterm at a later date (set by me—I will choose a date that is mutually convenient for me and the student). When students miss the midterm for reasons that do not include verified illness, dentistry, accident, or emergency, a "0" is assigned to that midterm. Students who miss the midterm without explanation will receive a "0" on the midterm. Absences from a registrar-scheduled Final Exam fall under NWP Examination Policy. It is the responsibility of the student to be informed about these policies prior to the final examination period.

If you miss the final exam due to illness, you will be required to submit an application to the Registrar's office for permission to write a deferred exam and must do so within 48 hours of the scheduled exam time. You may defer the final exam for up to 20 days of the end of the examination period. You will be required to provide documentation for your illness.

#### 4. **LEARN & RECORD ASSIGNMENT DEADLINES AND EXAMINATION DATES/TIMES**

These dates/times are announced in class and/or are included on course materials (e.g., chapter assignments deadlines are on page 5 of this course outline). **For the sake of fairness for ALL students, assignment deadlines will NOT be extended for those who miss an assignment.** If you know that you will be away when an assignment is due, it is expected that you hand in that assignment earlier than the announced/posted date. FYI—*myClass* chapter assignments can be started/completed before the announced/posted deadlines.

#### 5. **OUT-OF-CLASS WORK**

Students are expected to prepare for each lecture by reading the assigned chapters, PowerPoint lecture slides, and handouts. Although the instructor feels that all the material in the textbook is important and interesting, limited class time prevents discussion of all the material covered in the assigned chapters. You are responsible for learning the material covered in the assigned chapters, including material that is not discussed in class. Please feel free to approach me outside of class if you wish to get clarification on this material.

## **IMPORTANT INFORMATION FOR VIDEO CONFERENCE STUDENTS:**

This course includes a videoconference section. Students registered in the videoconference section are able to attend lectures and complete all course components without attendance on campus.

This course has the requirements listed below for videoconference students; failure to meet these requirements may affect attendance and participation grades or result in a grade of zero for supervised assessments (e.g., exams):

- Technology (webcam, microphone, and speakers)
- Stable internet connection sufficient to meet the class requirements
  - Where disruptions or other technological issues occur with institutional or instructor systems on campus or elsewhere, instructors will ensure that appropriate accommodations are made for videoconference students.
- Class Participation
  - camera must be on during class, appropriate screen name to be used
- Exam Supervision options: To maintain the academic integrity of this course, supervised examinations are required for all students. For video conference students, the following options are available:
  - During the exams you must have a webcam showing your face and a camera behind you showing your work surface with your computer.
  - If you are unable to meet the dual camera setup requirement, you can pay to write your exams with an approved proctor at an approved location (approved by me). **Note: the proctor cannot be a friend/family member, etc.**
  - If neither of these 2 options work for you, another option is to write exams by attending class in person and write the exams during the scheduled class time.

### **STATEMENT ON ACADEMIC MISCONDUCT:**

Academic Misconduct will not be tolerated. For a more precise definition of academic misconduct and its consequences, refer to the Student Rights and Responsibilities policy available at <https://www.nwpolytech.ca/about/administration/policies/index.html>.

**\*\*Note:** all Academic and Administrative policies are available on the same page.
